

Year 5 Homework Grid – Term 5 The Water Cycle

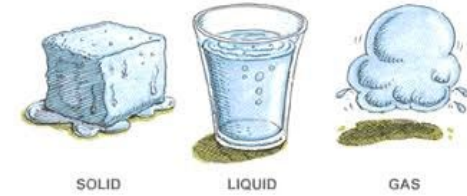

Create an information poster showing the water cycle.

Look at the different ways everyone can save water and create an information leaflet.

What is water and why do we need it? Research this question and find out as much information as you can, present your findings in a leaflet or poster.

Make a map of the River Medway, from Rochester to Rainham. Remember to draw and label the places of interest along the river.

Make a comic strip version of the water cycle. Could a water droplet be your main character?

Make a model of the water cycle; you can use any recycled materials of your choice.
