8. Circle the mistakes in the paragraph below.

Before long, the children began to shout that the answer is seventeen. The teacher wasn't happy and he told the children "to sit quietly and put their hands up. Once they had settled down, Mr Grant stated calmly "Phil, could you please explain the answer to the calculation on the board.

"It is seventeen, explained Phil. "I started by multiplying twenty by three and then I subtracted forty-three." "I did this because you always need to multiply numbers before you subtract them.
