

Year 6 Term 1 topic homework

<u>Idea 1</u> Design your own treasure map. Include – -A title and map key -Compass directions -At least 6 landmarks -Grid reference -Route to show how to reach the treasure.	<u>Idea 2</u> Writing task - Imagine you are travelling from your hometown to another country. Write a travel diary explaining the route you would take, countries, oceans or landmarks you would pass. How would maps help on the journey?	<u>Idea 3</u> Interview task – Interview a parent, grandparent or older family member. Ask questions such as; How did people use maps before smartphones? Have you ever got lost using a paper map? Create a report or presentation to show the information.
<u>Idea 4</u> Build a shadow theatre using a torch and cut out characters. Investigate how shadows change size, what happens when light source moves and what materials block light best.	<u>Idea 5</u> Write a story called “The day light disappeared”. Include; - What happened when all light vanished. - How people coped without light. How the problem was solved.	<u>Idea 6</u> Interview three people how they use light every day. Possible questions; - What is the most important light source in your day? - How would your job or hobbies change without light?
