

Hello! I'm Mr Graham!

In Badgers Class, we work hard and play hard. We're a team that values respect, kindness and looking out for one another, and our classroom is built on the belief that everyone deserves to feel safe, supported and included.

We enjoy learning new things, challenging ourselves and celebrating each other's successes. We're curious, creative and ready to take on whatever comes our way. I already know many of you, and I'm really looking forward to working with you next year and seeing everything you achieve. When I'm not in school, I spend far too much time playing (very badly!) at golf, and I love getting stuck into a good book.

Welcome to Badgers - it's going to be a brilliant year together.
