

# Welcome to Butterflies Class

## All about Mrs Hyslop

My name is Mrs Hyslop, and I am thrilled to be your class teacher this year.

A little about me: I absolutely love staying active! I enjoy swimming, running, playing hockey and netball. Watching sports is another passion of mine, especially watching tennis and football and I support Manchester United.

My family means the world to me; I have a husband and a lively two-year-old son named Barney who keeps me on my toes. My family lives in the beautiful Isle of Man, so I do quite a bit of travelling to see them.

I am excited to get to know each of you better and to have a fantastic year filled with learning and fun!

## All about Mrs Carroll

My main interests are doing anything arty.

I've created animals by quilling paper and used buttons to give Cinderella a beautiful dress. I try and spend time once or twice a month creating something. I enjoy going to the theatre as I love musicals. The last one I saw was back to the future.

My family consists of 2 sons and a daughter, we have 2 cats called BeBe and Alaska.
